

Bulitex

Ecotex

Versitex

Don't settle for half-baked protection.

US Liner offers the industry's only FDA-compliant wall liners.

More OEMs and fleet managers trust US Liner to provide the toughest selection of thermoplastic composites to protect their vehicles.

And now that the Food Safety Modernization Act enforces new standards on the safe transport of food, you have the added confidence of knowing that US Liner's Versitex is the only FDA-compliant wall liner for reefers and dry vans used for food transport.

US Liner's **Total Protection Solution** is your assurance that your vehicle is protected and your cargo arrives fresh. Specify US Liner.

- High strength
- Impact resistant
- Vapor resistant
